NEW DIMENSIONS OF DRIVING PLEASURE.

THE MODELS SHOWN.

- 04 BMW 6 SERIES GRAN COUPÉ WITH BMW INDIVIDUAL:** BMW TwinPower Turbo 8-cylinder petrol engine, 330 kW (450 hp), 20" BMW Individual light alloy wheels V-spoke 374 I, forged, with mixed tyres, BMW Individual Frozen Brilliant White metallic exterior colour, seats in Amaro Brown BMW Individual full fine-grain Merino leather, BMW Individual fine-wood interior trim Ash Grain White.

inspired by **BMW Individual**

- BMW 6 SERIES COUPÉ WITH M SPORT PACKAGE:** BMW TwinPower Turbo 8-cylinder petrol engine, 330 kW (450 hp), 20" M light alloy wheels Double-spoke 373 M with mixed tyres, Mediterranean Blue metallic exterior colour, seats in Bicolour Ivory White/Black exclusive Nappa leather, Aluminium Hexagon interior trim.

powered by 

BMW 6 SERIES CONVERTIBLE WITH DESIGN PURE EXPERIENCE:

- BMW TwinPower Turbo 8-cylinder petrol engine, 330 kW (450 hp), 20" light alloy wheels Multi-spoke 616 with mixed, runflat tyres, Melbourne Red metallic exterior colour, seats in Bicolour Cognac/Black exclusive Nappa leather, Finitione Brown fine-wood interior trim.

INNOVATION AND TECHNOLOGY.

- 30 BMW TWIN POWER TURBO ENGINES:** At the heart of BMW EfficientDynamics.
- 32 BMW EFFICIENT DYNAMICS:** The joys of reducing consumption.
- 34 BMW CONNECTED DRIVE:** Services & Apps and driver assistance.
- 36 CHASSIS:** Innovative systems for more driving pleasure.
- 38 SAFETY:** Technology at the highest level.

INDIVIDUALITY AND VERSATILITY.

- 42 EQUIPMENT:** BMW Design Pure Excellence, BMW Design Pure Experience, M Sport package and BMW Individual, equipment highlights, wheels and tyres and Original BMW Accessories.
- 60 COLOURS:** A world of colour for the exterior and interior.
- 64 TECHNICAL DATA:** Weight, engine, transmission, performance, fuel consumption, wheels and dimensions.
- 66 BMW SERVICE:** BMW Service, BMW Financial Services and BMW Experience.

IN THE BEST COMPANY.

It's rare to encounter a vehicle that doesn't just meet one's expectations, it also goes far beyond them. What's more, with the new BMW 6 Series, the experience is three-fold: with the Gran Coupé, Coupé and Convertible, each setting the standards when it comes to luxury, sportiness and elegance in their own special way.

EXPERIENCE ALL
THE HIGHLIGHTS IN
THIS SHORT FILM.

MAKES EVERY ROAD A RED CARPET.

One thing is certain: its appearance captures the attention. The elegantly modelled rear profile of the new BMW 6 Series Gran Coupé and the sleek lines of its flanks make it totally clear – luxurious design and leading-edge performance make an outstanding partnership.

LUXURY TAKES ON A NEW FORM.

Rediscover luxury: perfectly poised on 20" BMW Individual light alloy wheels, the new BMW 6 Series Gran Coupé is evidently on top of things. The same is true when it's out on the road, where the day-to-day dynamic superiority cannot be doubted – and the next day cannot come soon enough.

PERFORMANCE REFINED.

FEEL PERFECTION.

Take your seat. Look around. Experience for yourself how everything in the interior of the new BMW 6 Series Gran Coupé combines absolute luxury with exceptional comfort. The high-quality, meticulously crafted materials and the flawless design surpass the most exacting expectations – and, thanks to BMW Individual, your personal wishes are transformed into road-going reality.

inspired by **BMW Individual**

TWO ROUTES. ONE GOAL.

WHEN LOUD IS GOOD.

Power – a message that comes through loud and clear when the new 650i BMW TwinPower Turbo 8-cylinder petrol engine makes the air vibrate. The sound is both sonorous and forceful. And it's a performance that ensures that the new BMW 6 Series Coupé always gets the best reception.

TOO GOOD-LOOKING FOR THE RACETRACK.

The re-designed kidney grille of the new BMW 6 Series Coupé elegantly expresses the consistently dynamic character of this vehicle – a promise that is more than satisfied on the road. Precise steering coupled with a seemingly endless capacity to accelerate give every drive an unmistakable motor sport feel.

An experience of light, air and flowing lines – the new BMW 6 Series Convertible. This enthralling overall impression is perfectly complemented by fine details such as contrast stitching in the exclusive Nappa leather in Cognac/Black. And it all comes together to create another world where driving under the open skies is a truly unique pleasure.

**DRIES TEARS OF JOY
IN THE AIRSTREAM.**

ITS ELEGANCE IS AN OPEN SECRET.

For all to see, but only you can feel it: take the highly functional and ergonomically designed steering wheel into your hands. Discover the select interior materials and the comfort of the bi-colour leather seats – and experience luxury and elegance that will delight you again and again.

THE OUTLOOK: LUXURIOUS TO SPORTY.

Luxurious. Sporty. Elegant. Values that make each BMW 6 Series model unmistakable and also unique in themselves. Which means that the Gran Coupé, the Coupé and the Convertible are always to be found exactly where they belong: at the centre of attention.

INNOVATION AND TECHNOLOGY.

BMW TWIN POWER TURBO ENGINES: At the heart of BMW EfficientDynamics.

BMW EFFICIENT DYNAMICS: The joys of reducing consumption.

BMW CONNECTED DRIVE: Services & Apps and driver assistance.

CHASSIS: Innovative systems for more driving pleasure.

SAFETY: Technology at the highest level.

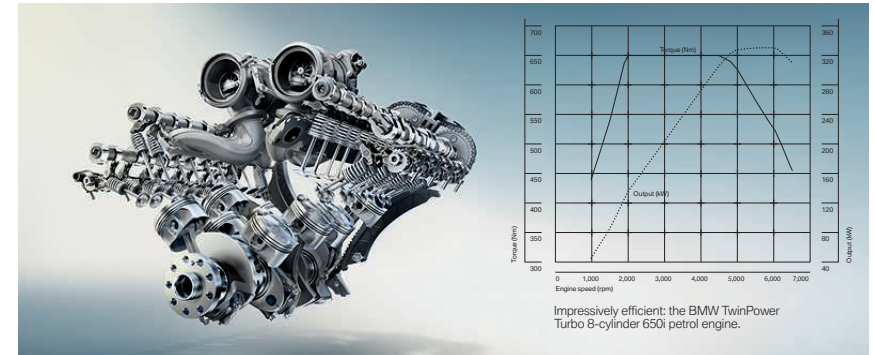

BMW TwinPower Turbo engines. At the heart of BMW EfficientDynamics.

Thanks to BMW TwinPower Turbo technology, the innovative petrol and diesel powerplants from the BMW EfficientDynamics engine range deliver significantly more dynamic power development and excellent responsiveness, even at low engine speeds, while being exceptionally fuel efficient and low in emissions. It's a compelling combination that guarantees noticeably more intense driving pleasure.

BMW TWIN POWER TURBO 8-CYLINDER 650i PETROL ENGINE.

Commanding acceleration – all any BMW driver could wish for: thanks to its exceptional responsiveness and high power reserves, the **BMW TwinPower Turbo 8-cylinder petrol engine** from the EfficientDynamics engine range impresses in every situation. This powerhouse combines two turbochargers with Valvetronic fully variable valve control including Double-VANOS and High Precision Injection with solenoid injectors. At engine speeds between 2,000 and 4,500 rpm, it generates impressive maximum torque of 650 Nm. With a maximum output of 330 kW (450 hp), the V8 propels the vehicle from 0 to 100 km/h in a mere 4.6 seconds.

BMW 640i. Gran Coupé / Coupé / Convertible

- BMW TwinPower Turbo inline 6-cylinder petrol engine with 235 kW (320 hp) and 450 Nm of torque
- Acceleration 0–100 km/h: 5.4 s / 5.3 s / 5.5 s;
Top speed: 250 km/h¹ / 250 km/h¹ / 250 km/h¹
- Combined fuel consumption: 7.6–7.8 l/100 km² / 7.6–7.7 l/100 km² / 7.7–7.9 l/100 km²
- Combined CO₂ emissions: 178–182 g/km² / 176–180 g/km² / 179–184 g/km²

BMW 640i xDrive. Gran Coupé / Coupé / Convertible

- BMW TwinPower Turbo inline 6-cylinder petrol engine with 235 kW (320 hp) and 450 Nm of torque
- Acceleration 0–100 km/h: 5.3 s / 5.2 s / 5.4 s;
Top speed: 250 km/h¹ / 250 km/h¹ / 250 km/h¹
- Combined fuel consumption: 8.1–8.2 l/100 km² / 8.0–8.2 l/100 km² / 8.2–8.4 l/100 km²
- Combined CO₂ emissions: 188–192 g/km² / 187–191 g/km² / 191–195 g/km²

BMW 650i. Gran Coupé / Coupé / Convertible

- BMW TwinPower Turbo 8-cylinder petrol engine with 330 kW (450 hp) and 650 Nm of torque
- Acceleration 0–100 km/h: 4.6 s / 4.6 s / 4.6 s;
Top speed: 250 km/h¹ / 250 km/h¹ / 250 km/h¹
- Combined fuel consumption: 8.6–8.8 l/100 km² / 8.6–8.8 l/100 km² / 8.9–9.1 l/100 km²
- Combined CO₂ emissions: 199–206 g/km² / 199–206 g/km² / 208–213 g/km²

BMW 650i xDrive. Gran Coupé / Coupé / Convertible

- BMW TwinPower Turbo 8-cylinder petrol engine with 330 kW (450 hp) and 650 Nm of torque
- Acceleration 0–100 km/h: 4.4 s / 4.4 s / 4.5 s;
Top speed: 250 km/h¹ / 250 km/h¹ / 250 km/h¹
- Combined fuel consumption: 9.2–9.4 l/100 km² / 9.1–9.3 l/100 km² / 9.3–9.5 l/100 km²
- Combined CO₂ emissions: 215–219 g/km² / 213–217 g/km² / 217–221 g/km²

BMW 640d. Gran Coupé / Coupé / Convertible

- BMW TwinPower Turbo inline 6-cylinder diesel engine with 230 kW (313 hp) and 630 Nm of torque
- Acceleration 0–100 km/h: 5.4 s / 5.3 s / 5.5 s;
Top speed: 250¹ km/h / 250¹ km/h / 250¹ km/h
- Combined fuel consumption: 5.5–5.7 l/100 km² / 5.4–5.5 l/100 km² / 5.6–5.8 l/100 km²
- Combined CO₂ emissions: 147–152 g/km² / 143–147 g/km² / 149–153 g/km²

BMW 640d xDrive. Gran Coupé / Coupé / Convertible

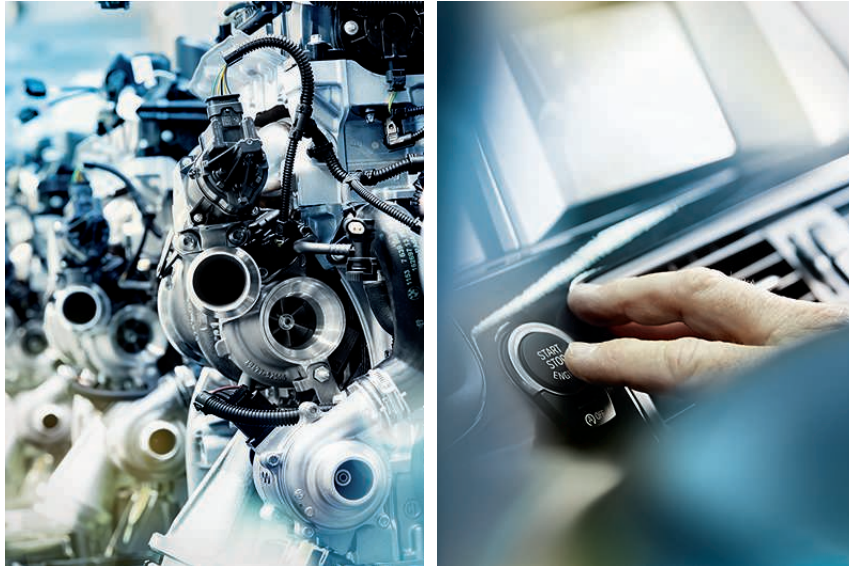

- BMW TwinPower Turbo inline 6-cylinder diesel engine with 230 kW (313 hp) and 630 Nm of torque
- Acceleration 0–100 km/h: 5.2 s / 5.1 s / 5.3 s;
Top speed: 250¹ km/h / 250¹ km/h / 250¹ km/h
- Combined fuel consumption: 5.8–6.0 l/100 km² / 5.6–5.8 l/100 km² / 5.8–6.0 l/100 km²
- Combined CO₂ emissions: 153–158 g/km² / 149–154 g/km² / 154–158 g/km²

BMW EFFICIENTDYNAMICS.
LESS EMISSIONS. MORE DRIVING PLEASURE.

¹ Electronically restricted.
² Fuel consumption and CO₂ emissions figures depend on the selected wheel/tyre size.
See pages 64/65 for further information or consult your BMW partner.

BMW EfficientDynamics Less emissions. More driving pleasure.

BMW EfficientDynamics is the ground-breaking strategy developed by BMW to minimise fuel consumption and emissions while simultaneously increasing dynamics and driving pleasure. It is a comprehensive package that includes the drivetrain, energy management and the vehicle concept – and it is standard in every BMW.

SPORTY AND EFFICIENT: THE 8-SPEED STEPTRONIC SPORT TRANSMISSION.

The **8-speed Steptronic Sport transmission** adapts to suit individual driving styles. It is perfect for everything from comfortable cruising through to a very dynamic drive. As well as automatic gear selection, it is, of course, possible to change gears manually at any time. Gears can be shifted using the dynamically designed selector lever or the shift paddles on the steering wheel.

DRIVETRAIN.

The BMW TwinPower Turbo **petrol engines** feature remarkably dynamic power development and excellent responsiveness, even at low engine speeds. They are also more efficient, with lower emissions and even better performance than their predecessors.

The BMW TwinPower Turbo **diesel engine** is notable for its outstanding responsiveness and spirited power delivery at any engine speed. It is also outstandingly dynamic, highly fuel-efficient and low on emissions.

OVERALL CONCEPT.

Intelligent lightweight construction, for BMW, means using the right material in the right place. This philosophy, also known as the BMW EfficientLightweight concept, is today integral to the BMW EfficientDynamics strategy and is applied, as standard, in every BMW. The result is reduced fuel consumption and even better performance, while maintaining the highest safety standards. The leading example: the BMW 640d Coupé emits only 143–147 g/km of CO₂ (combined), the best figure in its class.

ENERGY MANAGEMENT.

ECO PRO mode helps drivers reduce fuel consumption by up to 20 per cent, depending on their driving style and according to an internal BMW study. The coasting function, the route-ahead assistant and ECO PRO route make it possible to save a further five per cent.

The **Automatic Start/Stop function** switches off the engine when the vehicle comes to a temporary standstill (e.g. at traffic lights or in a traffic jam) to further reduce overall fuel consumption. When the driver takes their foot off the brake, the engine automatically starts up again in a fraction of a second.

With **Brake Energy Regeneration**, the alternator generates electricity primarily when the driver brakes or takes their foot off the accelerator. Previously unused kinetic energy is thereby transformed into electrical energy and fed into the battery.

The **coasting function** allows the vehicle to coast along the road at up to 160 km/h when the driver takes their foot off the accelerator without braking. In SPORT mode, the car responds more directly, for a more dynamic driving experience.

BMW ConnectedDrive

So connected, you're free.

Our world is becoming more closely connected every day. And for BMW drivers it goes without saying that they can request information, communicate via telephone or email and always be up to date – all while they're on the go. The BMW ConnectedDrive¹ concept encompasses all the services and innovative technologies that link BMW vehicles and their passengers to the outside world and surrounding traffic.

The **BMW ConnectedDrive Services*** option provides the driver with a wide range of information, entertainment and service features on the road.

It also includes BMW Online, which enables you to access current, localised information such as weather, news and an online search powered by Google™, as well as various office functions. You can also combine individual services and features such as webcams, fuel price info, parking information, travel and hotel guides in the "Applications" menu.

The secure and comfortable use of selected smartphone applications is also included for an unlimited period of time. The ConnectedDrive Services option also includes access to the **BMW ConnectedDrive Store**, in which services and apps can be booked, extended and selected according to individual needs, at any time and from any place. The ConnectedDrive Services option also offers much more to make each journey in a BMW into a real experience.

With its intelligent services and assistance systems, BMW ConnectedDrive is ready with a host of solutions to meet your every need. **BMW ConnectedDrive Services & Apps** offer greater freedom by networking the driver, vehicle and outside world in a wide range of ways, and intelligent **BMW ConnectedDrive Driver Assistance systems** make travel in your BMW not only safer, but also more comfortable and convenient.

The optional full-colour **BMW Head-Up Display²** projects all information relevant to the journey directly into the driver's field of vision, thereby allowing full concentration on driving. Information such as the current speed, navigation directions, Speed Limit Info including no-overtaking indicator, along with telephone and entertainment lists are displayed.

The optional **Concierge Services*** connect the driver to a BMW Call Centre agent at the push of a button. The agent can locate a particular restaurant, the nearest cash dispenser or an emergency pharmacy and send the address details directly to the car's navigation system.

The **Driving Assistant Plus** option not only includes the Driving Assistant systems, Lane Departure Warning and Approach Control and person warning with light city braking function, but also Active Cruise Control with the Stop&Go function for additional comfort.

The optional **Park Assistant** makes parallel parking easier. The system works by measuring potential spaces while driving past at a low speed. When a suitable space has been found, Park Assistant takes over the steering, while the driver is responsible for selecting the correct gear, as well as operating the accelerator and brakes.

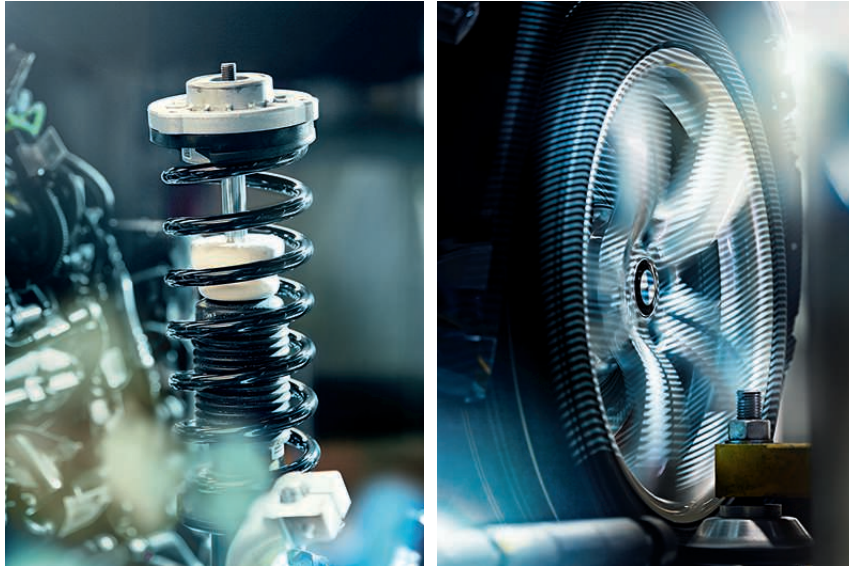

* May not be available in all countries. Please consult your BMW partner.

¹ For further information on BMW ConnectedDrive please visit www.bmw.com/ConnectedDrive

² Visibility of the display is limited with polarised sunglasses.

Chassis. A solid foundation for superior driving dynamics.

A wide range of innovative technology in the new BMW 6 Series line-up ensures that you thoroughly enjoy every journey. Many features are also intelligently networked, allowing you to experience maximum driving pleasure in the utmost safety.

THE INTELLIGENT BMW ALL-WHEEL SYSTEM xDRIVE.

The intelligent BMW all-wheel system xDrive adapts perfectly to even the most challenging road surface conditions, ensuring optimal traction at all times. xDrive and Dynamic Stability Control (DSC) ensure that the BMW remains perfectly stable in its track. Controlled via the DSC sensor, xDrive flexibly and quickly distributes drive power between the axles to prevent oversteer or understeer from developing, thus ensuring outstanding directional stability. In critical road conditions, there is less of a need for DSC intervention. BMW xDrive combines all the advantages of an all-wheel drive system – traction, directional stability and driving safety – with classic BMW agility for even more driving pleasure.

The **Sport exhaust system** (not available for the 640d and 640d xDrive) delivers a dynamic sound, which can be modified via an integrated exhaust valve mechanism linked to the driving modes. The Driving Experience Control modes SPORT and SPORT+ are accentuated by an even more intense engine sound, while the comfort-oriented modes prioritise more discreet engine acoustics.

The **8-speed Steptronic Sport transmission** adapts to suit individual driving styles. It is perfect for everything from comfortable cruising through to a very dynamic drive. In SPORT mode, the shift process is configured for maximum performance. And, with Launch Control, maximum acceleration can be achieved from a standing start, with upshifts taking place automatically at the optimum engine speeds.

Integral Active Steering combines variable Active Steering on the front axle with rear wheels that also contribute to steering based on speed. At lower speeds, it offers greater manoeuvrability and agility by turning the rear wheels in the opposite direction to the front wheels. From around 60 km/h, the rear wheels turn parallel to the front wheels, to increase stability and comfort.

Adaptive Drive combines the active body roll stabilisation functionality of Dynamic Drive and Dynamic Damper Control for need-based control of the stabilisers and dampers. It also provides maximum comfort while driving and more precise steering responses with less body roll. This allows the driver to take curves at greater speeds and enjoy shorter braking distances.

Dynamic Damper Control makes it possible to adapt the damper characteristics to suit any given driving situation. In the standard COMFORT mode, the dampers provide greater cushioning, while SPORT and SPORT+ modes feature much firmer settings for increased precision and more dynamic driving.

Driving Experience Control lets the driver choose between the standard COMFORT mode, ECO PRO mode, geared towards efficiency, and SPORT or SPORT+ mode, which enable even more dynamic driving. ECO PRO adjusts the characteristics of the accelerator, transmission and the heating/air conditioning settings to make the drive as fuel-efficient as possible.

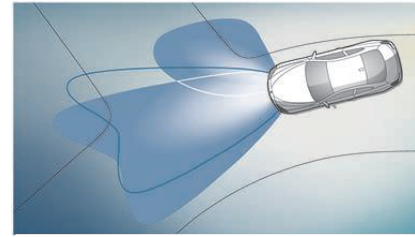

Safety.

Unparalleled safety with the latest BMW technology.

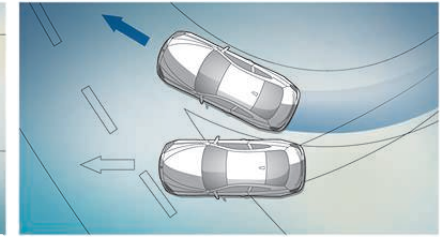

The new BMW 6 Series models are full of cutting-edge technology that can always be relied on. Superb handling characteristics and innovative equipment come as standard, giving the driver exactly the right support for any situation. It all means that you can feel safe in all road conditions.

The new BMW 6 Series Gran Coupé, Coupé and Convertible are proof that elegance and safety can make an ideal partnership. The very latest technology ensures that every drive is both comfortable and safe. For instance, the cornering lights with variable light distribution, included in the Adaptive LED headlights option, respond to your steering input for greatly improved visibility in every corner.

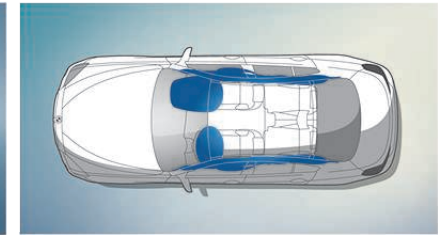

□ **Adaptive headlights** with variable city and motorway light distribution, including cornering lights for optimal road illumination and BMW Selective Beam (anti-dazzle High-beam assistant) with automatic low and high beam.

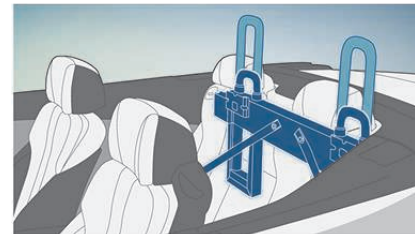

■ **Dynamic Stability Control (DSC)** uses sensors to constantly assess the vehicle's movements and automatically stabilises the car with engine and braking regulation when unstable driving conditions are detected.

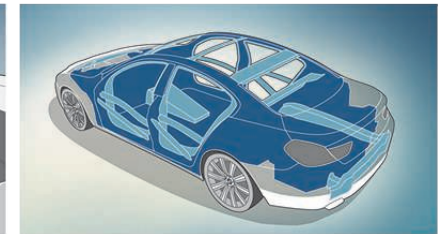

■ The **tyre pressure indicator** keeps the driver informed of pressure loss by means of a sensor. The air temperature is also monitored.

■ The **airbags for the driver and front passenger** are an integral part of the optimally coordinated safety components in a BMW. Overall, up to six airbags provide targeted protection.

■ The **roll-over protection system¹** includes roll bars integrated into the windscreen frame, as well as concealed roll bars behind the rear headrests. When the vehicle threatens to roll over, a spring-loaded mechanism pushes out the roll bars in fractions of a second.

■ The **body** is extremely rigid to ensure the best possible steering precision and dynamic agility. The front and rear are equipped with highly effective deformation zones.

¹ Only available for the BMW 6 Series Convertible.

INDIVIDUALITY AND VERSATILITY.

EQUIPMENT: BMW Design Pure Excellence, BMW Design Pure Experience, M Sport package and BMW Individual, equipment highlights, wheels and tyres and Original BMW Accessories.

COLOURS: A world of colour for the exterior and interior.

TECHNICAL DATA: Weight, engine, transmission, performance, fuel consumption, wheels and dimensions.

BMW SERVICE: BMW Service, BMW Financial Services and BMW Experience.

BASE.

01

04

02

03

[01 | 04] The new BMW 6 Series Convertible in the optional exterior colour Cashmere Silver metallic and with standard 18" light alloy wheels Star-spoke 365, 8 J x 18 with 245/45 R 18 tyres¹.

[02] The Sport leather steering wheel has a rewardingly grippy feel. The ConnectedDrive navigation package* and the HiFi loudspeaker system with digital amplifier and nine loudspeakers are also standard equipment.

[03] Standard seats for the driver and front passenger with electronic fore-and-aft, seat height, backrest and tilt adjustment.

05

06

[05] The elegant design of the interior is particularly enhanced by the standard upholstery in Black Dakota leather and the optional Sport seats.

[06] 18" light alloy wheels Streamline 364, 8 J x 18 with 245/45 R 18 tyres¹.

DESIGN PURE EXCELLENCE.

■ Standard equipment □ Optional equipment

Interior equipment

- Seats in Ivory White/Black (Bicolour) exclusive Nappa leather with extended features and contrast stitching; alternatively in Cognac/Black (Bicolour) exclusive Nappa leather with extended features and contrast stitching; other upholstery available
- Contrast stitching with double-lapped seams in a colour complementing the upholstery on the upper part of the instrument panel, doors and side panels as well as the centre console
- Poplar Grain Grey fine-wood trim; alternatively, Finition Brown fine-wood trim; other interior trims available
- Ceramic surrounds for controls (gear selector, iDrive Controller, audio and air conditioning)
- Instrument panel with leather finish
- Ambient light with LED interior lights and illuminated doorsill finishers

Can be combined with all optional BMW interior trims¹, BMW Individual interior trims and all BMW Individual leather upholstery.

Exterior equipment

- Metallic paint
- 19" light alloy wheels V-spoke 366 with mixed tyres²; other wheels available
- LED foglights

Can be combined with all paint colours, BMW 19" and 20" (optional) wheels and the 20" BMW Individual light alloy wheels V-spoke 374 I.

01 ■

[01] Elegant details: the leather-finished instrument panel with contrast stitching is beautifully balanced against the Poplar Grain Grey fine-wood trim.

02 ■

[02] The seats² in Ivory White/Black Bicolour exclusive Nappa leather with extended features and contrast stitching are a real eye-catcher.

03 □

04 ■

05 ■

[03 | 06] The BMW 6 Series Gran Coupé in the Jatoba metallic paint finish and with BMW 19" light alloy wheels V-spoke 366 with mixed tyres³.

[04] Illuminated doorsill finishers and colour-matched floor mats are included with the Design Pure Experience package.

[05] Exceptional quality: ceramic surrounds for the gear selector, iDrive Controller, audio and air conditioning controls.

06 □

07 ■

08 □

[07] The Poplar Grain Grey fine-wood trim blends exceptionally well with the interior.

[08] 19" light alloy wheels W-spoke 423 with mixed tyres. Front: 8.5 J x 19 with 245/40 R 19 tyres. Rear: 9J x 19 with 275/35 R 19 tyres.^{3,4}

¹ Aluminium Hexagon (4MR) interior trim not available in conjunction with Design Pure Excellence.
² Design Pure Excellence only available in conjunction with electrically adjustable front comfort seats.

BMW Individual

The expression of personality.

BMW Individual paint finish Tanzanite Blue metallic and 20" light alloy wheels V-spoke 374 I.

The new BMW 6 Series Convertible. Inspired by BMW Individual.

Driving a BMW is, in itself, a mark of character. There are those who still, however, want their vehicles to be even more individual reflections of their personality. The BMW Individual Collection and the BMW Individual Manufaktur meet these needs by opening up seemingly limitless opportunities for differentiation.

Precisely in tune with each model, the BMW Individual Collection offers a highly exclusive selection of equipment options. Fascinating paint finishes either refracting the light or with a matt effect. Leather, unique in colour and scope of application, perfected with clever contrasts. Interior trims in the most exclusive fine woods or the immaculate Piano finish.

And yet even this can be surpassed – thanks to the BMW Individual Manufaktur. Here, there is only one goal: realising almost any customer request, even the most personal, with stylish, hand-crafted perfection.

BMW Individual full fine-grain Merino leather Opal White with stitching and piping in contrast colour.

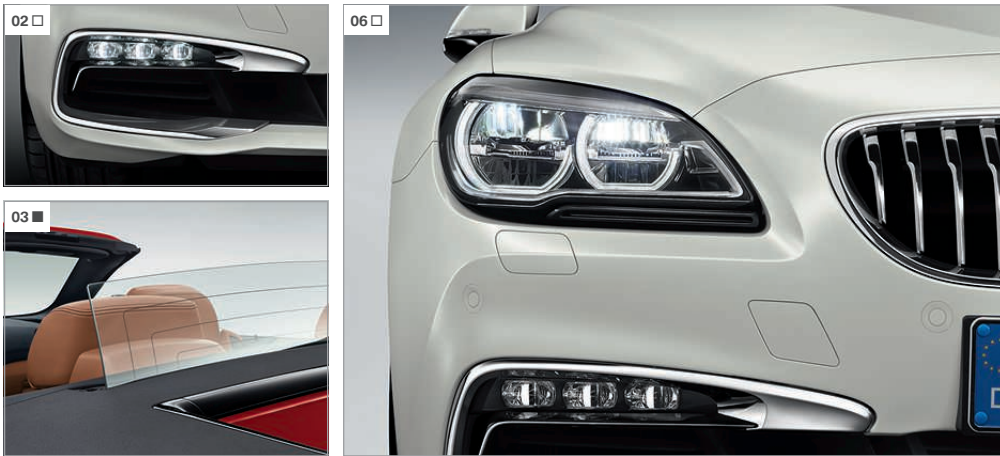

BMW Individual full fine-grain Merino leather Opal White with stitching and piping in contrast colour and fine-wood trim Ash Grain White.

EXPERIENCE BMW INDIVIDUAL INTERACTIVE WITH THE BMW INDIVIDUAL iPad APP.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] The third brake light of the BMW 6 Series Gran Coupé is integrated over the entire width of the roof edge, adding an unmistakable accent to the rear.

[03] The heated rear window can be lowered independently of the soft-top. It provides excellent ventilation and extra comfort for passengers in the rear.

[02] The LED foglights¹ bright white light allows the driver to see better and drive more safely when visibility is poor.

[04] The wind deflector provides the driver and front passenger with effective protection from draughts. When it is not needed, it can be stored compactly.

[05] The large glass roof lets plenty of light into the car, creating the comfortable feeling of a generously proportioned, airy interior.

[06] Adaptive LED headlights provide significantly better illumination and visibility than conventional systems in every driving situation.

[07] The soft-top, available in three colours, opens and closes fully automatically at speeds of up to 40 km/h at the touch of a button. It also features a rear window that can be lowered.

[08] "Gran Coupé" is elegantly positioned in the Hofmeister kink.

[11] With BMW Individual high-gloss Shadow Line, a host of features and design details are finished in high-gloss Black for a particularly elegant look.

[09] Kidney grille with chrome surrounds and black slats (standard for the 640i/640i xDrive, 640d/640d xDrive) and in matt aluminium (standard for the 650i/650i xDrive) with chrome-look fronts.

[12] The valve-operated, active Sport exhaust system delivers a discreet or full-bodied and dynamic engine sound – depending on the driving mode.²

[10] The intelligent BMW xDrive all-wheel drive system smoothly distributes variable drive power to the front and rear wheels.

[13] Trapezoidal tailpipes, visible, one on the left and one on the right-hand side, with chrome trim (standard for 650i/650i xDrive).

[14] Exhaust tailpipe, circular, one on the left and one on the right-hand side, with chrome trim (standard for 640i/640i xDrive and 640d/640d xDrive).

¹ Standard in conjunction with Design Pure Excellence, Design Pure Experience and M Sport package.

² BMW 6 Series Gran Coupé 650i shown here.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] Sport leather steering wheel, black, three-spoke, with trim in Pearl Chrome.

[02] The instrument cluster features four analogue displays – speedometer, rev counter, fuel gauge and oil temperature – as well as an Info Display. The latter shows data such as the outside temperature and on-board computer functions.

[03] The multifunctional instrument display offers an impressive presentation of the gauges and other instruments.

[04] The 8-speed Steptronic Sport transmission offers the choice between several driving modes and dynamic shifting via the gearshift paddles or gear lever.

[05] BMW Individual leather steering wheel with wood inlay to match the BMW Individual interior trim.

[06] Driving Experience Control offers the choice between the standard COMFORT or COMFORT+ modes, ECO PRO mode, geared towards efficiency, and SPORT or SPORT+ modes.

[07] Launch Control enables maximum acceleration from a standing start, with upshifts taking place automatically at the optimum engine speeds.

[08] The iDrive Touch Controller: intuitive operation via the iDrive Controller touchpad.

[09] The instrument panel with leather finish, including door panels, lends the interior a refined atmosphere.

[10] Exclusive ceramic surrounds for controls such as the gear lever and temperature and volume dials lend a particularly high-quality look.

[11] Real Time Traffic Information* delivers almost instant traffic information on motorways, country roads and main roads, as well as numerous urban routes.

[12] Contrast stitching, complementing the respective upholstery colour, gives the interior an even more exclusive look.

[13] The intelligent emergency call* automatically establishes a connection with the nearest rescue coordination centre through the BMW call centre whenever needed – without the use of a mobile phone.

[14] The ConnectedDrive Navigation package* comprises the Navigation System Professional, enhanced telephony, Concierge Services, RTTI, Remote Services and BMW ConnectedDrive Services.

[15] BMW Night Vision with person recognition warns when there are people or large animals on the road at night and represents the area in front of the vehicle as an infrared image on the Control Display.

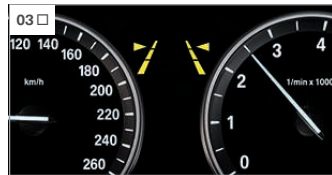

¹ COMFORT+ mode is available in conjunction with Dynamic Damper Control (optional) or Adaptive Drive (optional).

² Further information on BMW ConnectedDrive, in particular, duration of services and costs, is available at www.bmw.com/ConnectedDrive

* May not be available in all countries. Please consult your BMW partner.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] The full-colour BMW Head-Up Display¹ projects all information relevant to the journey directly into the driver's field of vision.

[02] Speed Limit Info incl. no-overtaking indicator provides information on speed limits as well as no-overtaking zones.

[03] Driving Assistant Plus includes the very latest warning and collision protection functions and offers additional comfort in monotonous traffic situations.

[04] Lane Change Warning alerts the driver to vehicles in the blind spot as well as vehicles in the neighbouring lane by means of a visual signal and vibration in the steering wheel.

[05] The Sport seats for driver and front passenger, featuring distinctive stitching, provide optimum lateral hold thanks to pronounced contouring of the backs and sides.

[06] Automatic air conditioning with 2-zone control allows individual temperature adjustment for the driver and front passenger.

[07] The Park Assistant² makes parallel parking easier. It does the steering while the driver operates the accelerator and brakes.

[08] Surround View is a visual parking aid that uses the camera-based functions Top View, Side View and the rear view camera.

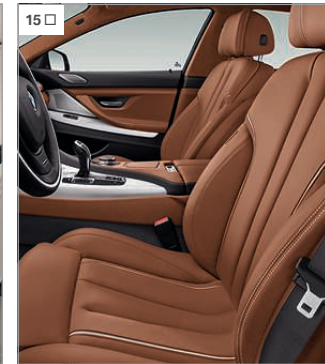

[09] The automatic air conditioning with 4-zone control allows passengers to individually adjust the temperature for every seat.

[10] Enhanced telephony with extended smartphone connectivity^{3,4} makes it possible to connect a mobile phone to the car using Bluetooth and the hands-free facility.

[11] Comfort seats for driver and front passenger include active headrests in the optional Ivory White/Black (Bicolour) exclusive Nappa leather.

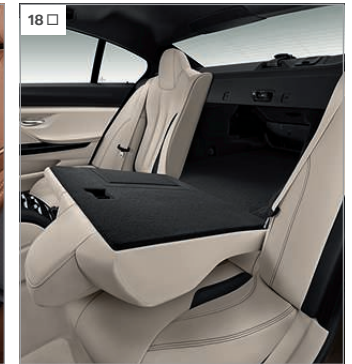

[12] The Bang & Olufsen high-end surround sound system enthral listeners with its full sound, illumination effects and extendible centre speaker.

[13] Harman Kardon Surround Sound system with 600-watt digital amplifier, nine channels, vehicle-specific equalizer and 16 loudspeakers⁵, including centre speaker.

[14] The seat heating for driver and front passenger heats the seat surface and middle section of the backrest to one of three levels, as desired.

[15] Comfort seats for driver and front passenger include active headrests and can be specifically adjusted: the top part of the backrests, the backrest widths, thigh supports and headrest heights.

[16] Ambient light is featured in areas such as the centre console storage compartment, the door pockets and panels, the door handles, the exit areas and the area in front of the doors.⁶

[17] The volume of the luggage compartment can be increased from 460 (Convertible: up to 350) to 1,265 litres (BMW 6 Series Gran Coupé) by folding down the 60:40-dividable rear backrests.

[18] The through-loading system with a rear seat backrest that can be folded down in a 60:40 split offers variable, extendible transport options.

¹ Visibility of the display is limited by polarised sunglasses. BMW Head-Up Display functionality shown is dependent on equipment.

Image shows features that require the purchase of optional equipment.

² Only available in conjunction with Park Distance Control.

³ For information on the compatibility of smartphones and other mobile devices, please see www.bmw.com/bluetooth

⁴ Part of the ConnectedDrive Navigation package*.

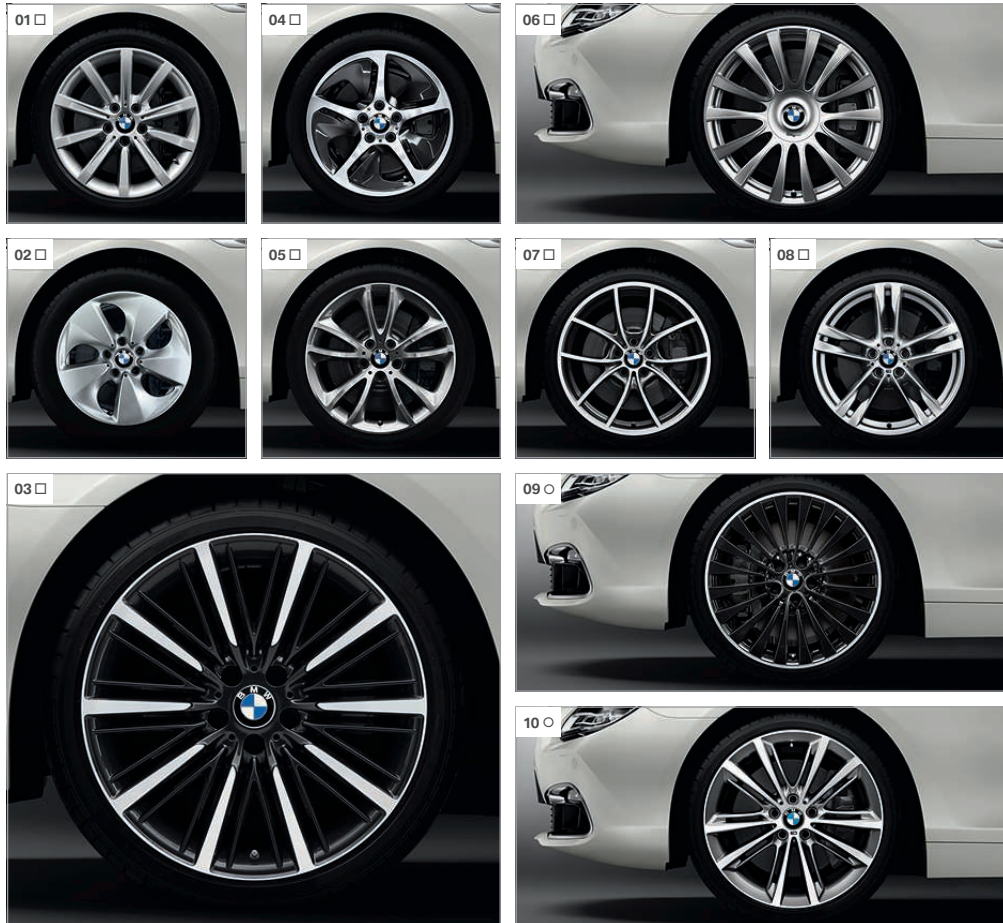

⁵ Standard in conjunction with Design Pure Excellence and Design Pure Experience.

⁶ BMW 6 Series Convertible: 12 loudspeakers.

* May not be available in all countries. Please consult your BMW partner.

WHEELS AND TYRES.

■ Standard equipment □ Optional equipment ○ Accessories

[01] 18" light alloy wheels Star-spoke 365, 8 J x 18 with 245/45 R 18 tyres.¹

[04] 18" light alloy wheels Streamline 364, 8 J x 18 with 245/45 R 18 tyres.¹

[02] 17" light alloy wheels Streamline 363, 8 J x 17 with 225/55 R 17 tyres.

[05] 19" light alloy wheels V-spoke 366 with mixed tyres. Front: 8.5 J x 19 with 245/40 R 19 tyres. Rear: 9 J x 19 with 275/35 R 19 tyres.¹

[03] 20" light alloy wheels Multi-spoke 616 with mixed tyres. Front: 8.5 J x 20 with 245/35 R 20 tyres. Rear: 9 J x 20 with 275/30 R 20 tyres.¹

[06] 20" BMW Individual light alloy wheels V-spoke 374 I, forged, with mixed tyres. Front: 8.5 J x 20 with 245/35 R 20 tyres. Rear: 9 J x 20 with 275/30 R 20 tyres.¹

[07] 20" light alloy wheels V-spoke 356 with mixed tyres. Front: 8.5 J x 20 with 245/35 R 20 tyres. Rear: 9 J x 20 with 275/30 R 20 tyres.¹

[08] 20" M light alloy wheels Double-spoke 373 M with mixed tyres. Front: 8.5 J x 20 with 245/35 R 20 tyres. Rear: 9 J x 20 with 275/30 R 20 tyres.¹

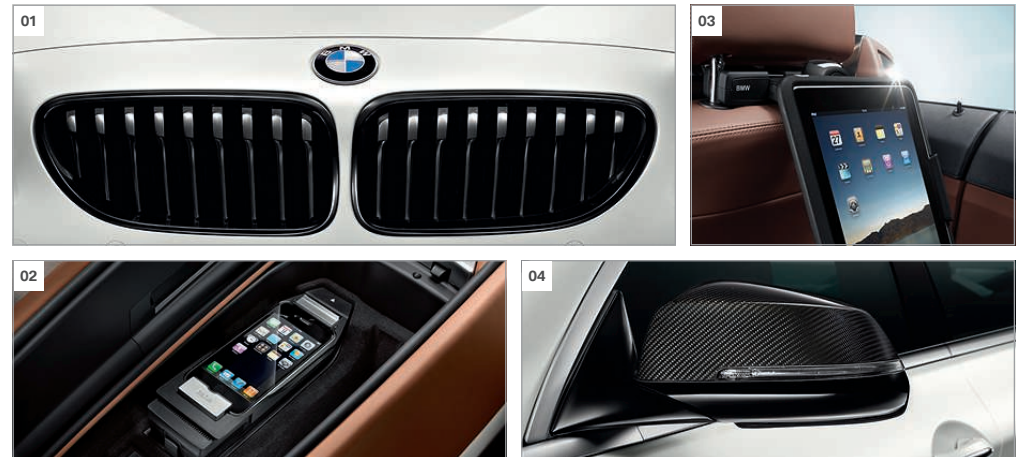

[09] 20" light alloy wheels Multi-spoke 410 in gloss Black with burnished rims. RDC complete wheel set with mixed, runflat tyres. Front wheels: 8.5 J x 20. Rear wheels: 9 J x 20.²

[10] 20" BMW M Performance light alloy wheels V-spoke 464 M in Bicolour Ferric Grey, burnished on the visible sides. RDC complete wheel set with mixed, runflat tyres. Front wheels: 8.5 J x 20. Rear wheels: 9 J x 20.²

¹ Runflat tyres.

² These and many more wheels are available from Original BMW Accessories: www.bmw.com/accessories

ORIGINAL BMW ACCESSORIES.

[01] A powerful impression: the black front grille is a striking, individual feature that emphasises the dynamic character.

[02] Various snap-in adapters are available for current mobile phones. These enable docking and charging and telephone calls via a connection to the vehicle's aerial.

[03] Secure docking for the Apple iPad™ 2, 3 or 4. The holder snaps into the basic carrier, rotates through 360 degrees and can be angled as desired.

[04] Dynamic look, individual accent: the striking wing mirror caps in carbon accentuate the high-tech character of the vehicle.

¹ The figure quoted includes a 90% tank filling, 68kg for the driver and 7kg for luggage. Unladen weight applies to vehicles with standard equipment. Optional equipment may increase this figure.

² Provisional figures (figures awaiting official confirmation based on the ECE driving cycle). Missing figures not available when going to print.

³ BMW recommends the use of RON 95 super unleaded petrol. Unleaded RON 91 and higher with a maximum ethanol content of 10% (E10) may also be used. Output and consumption figures apply to RON 98 fuel.

⁴ All engines comply with the EU6 emissions standard. Fuel consumption is determined in accordance with the ECE driving cycle (90/16/EC) made up of approximately one-third urban traffic and two-thirds extra-urban driving (based on the distance covered). CO₂ emissions are measured in addition to fuel consumption. Optional equipment may increase these figures. Fuel consumption and CO₂ emissions figures depend on the selected wheel/tyre size. For further information consult your BMW partner.

WELL TAKEN CARE OF WITH BMW SERVICES:

When you buy a BMW, you can look forward to superb service and comprehensive customer care. For example, the **Condition Based Service** independently tracks both service fluid levels and the condition of parts subject to wear and then notifies you in the display when the vehicle requires servicing. So you only need to go to your BMW service partner when it's really necessary. When you do go, our

qualified BMW service specialists take care of your vehicle using the newest workshop technology and only **original BMW parts**. This service is available worldwide in more than 3,300 BMW service partner establishments in over 150 countries, to provide you with limitless driving pleasure.

BMW SERVICE.

BMW Service Inclusive*: The BMW Service Inclusive service packages ensure that costs for maintenance, inspection and worn parts are covered for the duration of your contract, allowing you to focus on unlimited driving pleasure. This service is available worldwide from all participating BMW service partners. For more information please visit www.bmw.com/serviceinclusive

BMW Guarantee extension: The BMW guarantee extension packages offer extended protection for your newly purchased BMW, in addition to the legal guarantee period. So you can enjoy another three years of carefree driving (up to the vehicle's 5th year). Find out more at www.bmw.com/serviceinclusive

BMW Mobile Service*: This service is there for you in case of a breakdown, day and night. Specially trained BMW technicians do everything necessary, on the phone or on-site, to get your car back on the road as fast as possible. We offer a comprehensive country-specific mobility package for breakdowns and insurance that covers you in the event of an accident or theft. And in case of an accident, call us at the BMW accident hotline! We'll take care of calling the police, an ambulance, a tow truck, a replacement car, notifying your insurance company and much more. For more information visit www.bmw.com

BMW Teleservices*: With Condition Based Service, you'll be automatically notified in the display of your next necessary service appointment. Provided you've consented, the most important vehicle data required for analysis will be relayed to BMW automatically. Your assigned BMW service partner will access the information and contact you free of charge to make a service appointment – if one is necessary. To access BMW Teleservices, the vehicle must be equipped with the optional Intelligent Emergency Call or ConnectedDrive Services. If necessary, the service can be deactivated at any time. For more on this topic please visit www.bmw.com/teleservices

BMW Financial Services: Tailor-made finance: BMW Financial Services offers you attractive leasing, finance and insurance packages. For further information visit www.bmwfs.com or ask your local BMW partner to make you an individual offer.

THE BMW EXPERIENCE.

BMW TV*: www.bmw.tv enables you to experience the BMW brand in all its diversity. Features, portraits and background reports provide you with information on automobiles, innovations, sports and lifestyle topics.

BMW Driving Experience: The better you control your BMW, the more enjoyment you will derive from driving it. Use our training courses to learn for yourself what it means to reach a car's physical limits on various types of surfaces, and what you have to do to control your vehicle even in extreme situations. For further information please visit www.bmwdrivingexperience.com

BMW Welt: Collecting a new car at BMW Welt ranks among the best moments any driver can experience. Turn this moment into an unforgettable day, and make the handover of your new BMW part of a unique programme of activities tailored to your personal preferences. With the BMW Plant, the BMW Museum and the BMW Group Headquarters, you will be surrounded by fascinating history, a breathtaking present and spectacular visions of the future. Find out more at www.bmw-welt.com/en

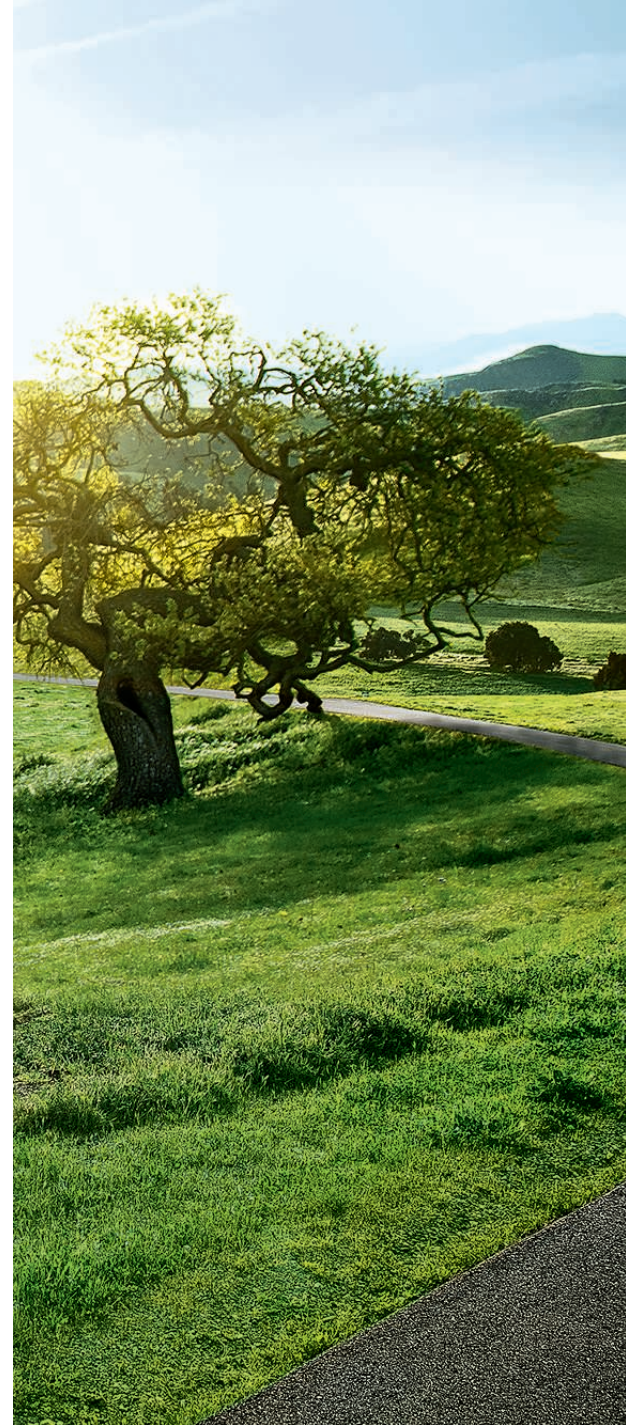

BMW Magazine: In BMW Magazine, experience the newest BMW models in front of stunning backdrops. Discover new design trends, travel destinations and the richness of modern life. Encounter people with visionary ideas who are changing the world. Find out more at www.bmw.com/magazine

SHAPING THE FUTURE – RESPONSIBLY.

In 2014, the BMW Group was once again ranked the most sustainable car manufacturer in the world by the Dow Jones Sustainability Index. It is the only automotive company to have featured on the renowned index every year since its inception. The development of efficient vehicle concepts and eco-friendly production processes, up to and including recycling, is an integral part of our engineering philosophy. BMW EfficientDynamics standards have enabled us to cut the CO₂ emissions of our fleet of new vehicles in Europe by more than 30% between 1995 and today. We're also aiming to reduce the amount of resources such as water and energy used in production by 45% between 2006 and 2020. Production at our engine plant in Steyr has been waste-water free since 2007. And of course each of our vehicles is designed for easy and economical recycling after its long running life. Please contact your BMW partner on all matters regarding your end-of-life vehicle. For further information please visit our websites.
