## THE ART OF PERFORMANCE

Every day we push performance to its limit. Our performance. Our cars' performance.  
We innovate, we engineer, we design. We master rules and then break them.  
Only to push further. Past the limits of convention. This is when performance becomes art.

Jaguar. The Art of Performance.

VEHICLES SHOWN ARE FROM THE JAGUAR GLOBAL RANGE. SPECIFICATIONS, OPTIONS AND AVAILABILITY WILL VARY BETWEEN MARKETS AND SHOULD BE VERIFIED WITH YOUR LOCAL JAGUAR RETAILER

## INTRODUCTION THE CONCEPT OF XF

XF builds on the success of Jaguar's most award-winning car ever. Possessing an unrivalled combination of style and substance, it delivers an utterly seductive blend of design, dynamics and refinement to create a car that offers both excitement and efficiency. All enhanced by state-of-the-art technologies that keep you safe, connected and entertained.

XF sits in the Jaguar saloon range between XE's taut athleticism and the supreme luxury of XJ. The fusion of these outstanding Jaguar attributes is what creates XF – the most dynamic, premium business saloon of its generation.

VEHICLE SHOWN: XF S IN GLACIER WHITE WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

## XF - THE FACTS

An outstanding combination of advanced engineering, the latest technology and contemporary design sets XF apart.

### ADVANCED AERODYNAMICS

XF is capable of achieving a drag coefficient of just Cd 0.29, one of the lowest in its class. Even the underside of the car is aerodynamically designed to be as smooth as possible, while apertures in the front bumper optimise airflow through the wheel arches. XF cuts through the air, reducing wind noise for enhanced refinement and improved efficiency.

---

### EFFICIENCY AND PERFORMANCE

The XF range offers a choice of performance engines. From fuel economy as low as 7.5 l/100km, to a top speed limited to 250km/h and 0-100km/h in 5.3 seconds - there is an XF for every driver.

---

### CRAFTSMANSHIP AND SPACE

Contemporary craftsmanship and a beautiful, luxurious interior with the space to stretch out and enjoy every journey. Compared with the previous XF rear knee room has increased by 24mm, making it among the best in class. Rear legroom has increased by 15mm and rear headroom has risen by up to 27mm\*\*, all adding up to greater comfort and wellbeing for passengers.

\*\*Applicable to XFs not fitted with optional sunroof.

---

Some features described here are optional and market dependent.

VEHICLE SHOWN: XF S IN GLACIER WHITE WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

### **LIGHTWEIGHT ALUMINIUM ARCHITECTURE**

Jaguar's Lightweight Aluminium Architecture helps to make XF lighter, stronger and 28 percent stiffer than the previous XF. It is up to 190kg lighter than its predecessor, improving handling, performance and efficiency.

### **ADDED INTELLIGENCE**

Innovative technologies make every drive easier and safer. XF offers optional Adaptive LED headlights, Head-Up Display, Adaptive Cruise Control with Queue Assist and Advanced Parking Assist.

### **ADVANCED DRIVETRAIN TECHNOLOGY**

Combine performance with the rewards of improved fuel efficiency. Jaguar's 8-speed automatic transmission offers lightning-fast gearshifts and automatically adapts to suit your driving style – from economical to sporting.

### **CONNECTIVITY**

InControl Touch is XF's all new multimedia system which features a contemporary and fresh graphical design. The intuitive touch and swipe controls, or optional voice input, provide you with full control over a wealth of features including audio, climate control and satellite navigation. InControl Touch is your personal command centre.

## DESIGN EXTERIOR PRINCIPLES

DESIGN  
PURITY

ADAPTIVE  
LED HEADLIGHTS

VEHICLE SHOWN RIGHT: XF S IN GLACIER WHITE WITH OPTIONAL FEATURES FITTED  
(MARKET DEPENDENT)

"It's about paring it down to the bare essentials. Good designers have always said less is more."  
Ian Callum, Jaguar Design Director.

XF demonstrates the Jaguar principles of design purity. Strong lines radiate dynamic character and enhance its capabilities – be it improving aerodynamics, visibility, stability or safety. XF is available with adaptive LED headlights\* featuring Jaguar signature 'J' blade Daytime Running Lights to give XF a striking on-road presence. The quality of LED light is close to daylight, helping your eyes to distinguish objects more easily and reducing fatigue at night.

\*Optional feature, Xenon headlights are also available depending on the model chosen.

## EXTERIOR AERODYNAMICS

**F-TYPE  
INSPIRED DESIGN**

**AERODYNAMIC  
DESIGN**

At the rear, XF's tail lights feature a distinctive, Jaguar F-TYPE inspired, double roundel and intersecting horizontal detail. The LED brake lights are not only brighter than halogen bulbs, they use less energy – contributing to XF's overall drive for greater efficiency. LEDs also illuminate faster – so following drivers can react more quickly to XF's braking. Within the tail lights is a pinstripe graphic – one of XF's many exquisite finishing touches.

XF's sweeping exterior design is naturally aerodynamic. Its advanced form enhances handling, dynamics and refinement. Even the boot lid's height and pitch, as well as its overall curvature and subtle spoiler, are designed to reduce drag and increase downforce. For example, the body generates as much as 50kg of extra downforce at 160km/h for greater stability and helps XF maintain its connection with the road.

VEHICLE SHOWN: XF PRESTIGE IN RHODIUM SILVER WITH OPTIONAL FEATURES FITTED  
(MARKET DEPENDENT)

## INTERIOR

**DRAMATIC START-UP  
SEQUENCE**

**CONTEMPORARY  
CRAFTSMANSHIP**

Open XF's door and the Start button entices you inside. Pulsing with a heartbeat it creates an emotional connection between driver and machine. Its 72 per minute double beat is the same as a jaguar cat at rest. XF is poised, ready for action. Now push the Start button. The car awakens and its mood lighting illuminates. With perfect choreography, air vents rotate open, the JaguarDrive Selector rises smoothly and the engine growsls – all inspiring you to anticipate the drive ahead.

XF's interior offers outstanding comfort, a sense of wellbeing and a wealth of choice. The number of switches and buttons is kept to a minimum to keep the look clean and tidy, as well as making them easy to use. Whichever XF interior combination you choose, materials used are always of the highest quality. Leather and finishes are selected with the greatest care to ensure that, inside XF, everything is luxurious to the touch. Whether you prefer aluminium, carbon fibre, or wood veneer finishes to complement the beautiful selection of leathers, your XF will always look and feel just right.

INTERIOR SHOWN LEFT AND PREVIOUS PAGE: XF S FEATURING LIGHT OYSTER/JET SEAT WITH JET UPPER FACIA WITH CONTRAST STITCH, JET CARPET AND JET HEADLINING WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

1. Headroom 970mm 2. Knee room 87mm

## INTERIOR SPACE

### INCREASED REAR KNEE ROOM

The rear of XF's cabin is a destination of luxury, choice and space. Compared with the previous generation XF, rear knee room has increased by 24mm, making it among the best in class. Rear legroom has increased by 15mm and rear headroom has risen by up to 27mm\*, all adding up to greater comfort and wellbeing for passengers. Building on the drama of its predecessor's interior, mood lighting also enhances XF's atmosphere. Opt for Configurable Interior Mood Lighting and you'll have a choice of ten interior colours. The choice continues with optional four-zone air conditioning, giving individual passengers the opportunity to set their own temperature and airflow. Keeping your car comfortable regardless of the conditions outside, XF's air conditioning system has undergone punishing real world tests in ambient temperatures ranging from 50°C to -30°C. XF's interior is flexible. You can choose the 40:20:40 seating configuration for increased volume and versatility. Whatever you want, whenever you need it, XF offers it all.

\*Applicable to XFs not fitted with optional sunroof.

INTERIOR SHOWN: XF S FEATURING LIGHT OYSTER/JET SEAT WITH CONTRAST STITCH, JET CARPET AND JET HEADLINING WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

## PERFORMANCE ENGINES

INGENIUM ENGINES

STOP/START TECHNOLOGY\*

XF offers a choice of refined, efficient diesel\* or petrol engines – all delivering a dynamic driving experience and responsive Jaguar performance. XF's engines are equipped with Stop/Start technology\* and smart regenerative charging – harvesting kinetic energy while braking to charge the battery – for maximum economy, especially during urban driving. For information on fuel consumption, CO<sub>2</sub> emissions and performance figures for XF engines, please refer to pages 90-91.

INGENIUM DIESEL\* ENGINE FROM

114g/km CO<sub>2</sub>

XF is offered with the new Ingenium 2.0 litre 180PS 4-cylinder Turbocharged Diesel engine. Ingenium is Jaguar Land Rover's new breed of engine designed for effortless performance, refinement and efficiency. With advanced technology and all-aluminium construction, Ingenium delivers impressive fuel consumption and CO<sub>2</sub> emissions. Up to 20kg lighter than equivalent previous generation engines, Ingenium is intrinsically more efficient. And intelligent too – computer controlled, adaptive engine cooling only engages as required. The latest generation variable geometry turbocharger maximises peak power for low speed torque and responsiveness that is uniform, progressive and avoids lag.

\*Market dependent.

The figures provided on pages 20-23 are as a result of official manufacturer's tests in accordance with EU legislation. A vehicle's actual fuel consumption may differ from that achieved in such tests and these figures are for comparative purposes only. Technical Data Figures shown are market dependent. Please contact your local dealer for regional specific data.

**DIESEL\* ENGINE UP TO**

**0-100km/h in 6.2 seconds**

XF's 3.0 litre V6 Turbocharged Diesel\* engine offers exceptional refinement and efficiency. For XF's performance requirements, power has been increased to 300PS with torque rising to 700Nm for greater responsiveness. Its high pressure common rail fuel system delivers efficient combustion and fewer emissions. The engine uses innovative twin parallel sequential turbocharging - a concept pioneered by Jaguar Land Rover - for smooth, more immediate delivery of power at all engines speeds, as well as two-stage water cooling to conserve energy. It is capable of 0-100km/h in 6.2 seconds with CO<sub>2</sub> emissions of just 144g/km on the European combined cycle.

PETROL ENGINES UP TO

**0-100km/h in 7.0 seconds**

XF's 4-cylinder petrol engines offer power and responsiveness throughout the rev range, while improving efficiency. The 2.0 litre 4-cylinder Turbocharged Petrol (240PS) engine achieves '6-cylinder engine' levels of performance and refinement, from a more compact and economical structure.

**PETROL ENGINES UP TO**

**0-100km/h in 5.3 seconds**

Shared with Jaguar F-TYPE, the 3.0 litre V6 Supercharged Petrol engine is available in both 340PS and 380PS versions.

The new 380PS engine is capable of 0-100km/h in 5.3 seconds; the new 340PS engine is capable of 0-100km/h in 5.4 seconds. These all-aluminium engines deliver instant access to high levels of torque at all engine speeds, and a unique soundtrack.

# AUTOMATIC TRANSMISSION

## EIGHT-SPEED AUTOMATIC TRANSMISSION

XF's automatic transmission is highly responsive, smooth and efficient. It delivers rapid shifting for effortless acceleration and overtaking. The intelligent, adaptive system subtly changes the way the throttle delivers power, as well as gearshift patterns, to suit each particular driving circumstance. Featuring a contemporary Satin Black Rotary Selector, the unique JaguarDrive Control offers even quicker shifts and sportier kickdown in Dynamic Mode, and earlier up-shifts in Eco Mode. With the automatic transmission the driver can opt to manually control gearshifts, via steering wheel paddles, at the touch of a finger.

## ADVANCED AERODYNAMICS

LOW DRAG

|  $C_d$  0.29

XF's form has been rigorously optimised for aerodynamic efficiency and stability at motorway speeds. XF cuts through the air – reducing fuel consumption and lowering emissions. Every element exploits the exterior's maximum aerodynamic potential while preserving XF's stunning proportions. Vertical apertures in the front bumper outer edges channel air through vents in the wheel arches and out over the front wheels. The airflow then passes along XF's sides where the doors have a flatter cross sectional profile to minimise air pressure differences and contribute further to reduced drag. Even the extensive under body protection is designed to make XF as efficient, economical and refined as possible.

VEHICLE SHOWN: XF PORTFOLIO IN BLACK BERRY WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

## LIGHTWEIGHT ALUMINIUM ARCHITECTURE

**STRONG**

**RIGID**

**75% ALUMINIUM**

Jaguar has been at the forefront of aluminium car construction for more than a decade. Our latest innovation is Lightweight Aluminium Architecture, which is significantly lighter, stronger and 28 percent stiffer than the structure used in XF's predecessor. Aluminium has also been used to form the body sides, bonnet and front wings of XF. Lightweight aluminium panels are bonded together with a super-strong adhesive, then punched with zinc-coated, boron steel rivets that compress the adhesive to form an airtight bond and a phenomenally strong, rigid structure. This cutting edge process, coupled with the Lightweight Aluminium Architecture, contributes towards a weight saving of up to 190kg over the previous generation.

#### ALUMINIUM FRONT KNUCKLE

Designed to optimise stiffness and strength, the lightweight aluminium front knuckle helps improve XF's agility, responsiveness and refinement for sports car-like control.

## CHASSIS AND SUSPENSION

UNIQUE SUSPENSION  
TECHNOLOGY

COMFORTABLE  
AND DYNAMIC

XF responds with agility and performs with dynamism while always maintaining ride comfort – it's a unique balance that makes it a Jaguar. The ideal foundation for these driving dynamics is XF's light, yet exceptionally strong and stiff, Lightweight Aluminium Architecture with its near 50:50 weight distribution.

The sophisticated front and rear suspension systems complete a chassis that achieves a superb combination of sportiness and refinement. Advanced damper technologies – both passive or adaptive – improve ride quality still further and extend XF's breadth of dynamic capability. The suspension's control, agility and feedback give XF the spirit of a sports car.

#### BRAKE SCOOP

A glass-filled polypropylene brake scoop channels air onto the brakes for enhanced brake performance during enthusiastic driving.

### **INTEGRAL LINK REAR SUSPENSION**

Integral Link suspension allows XF to realise a perfect combination of a refined, luxurious ride and sharp, responsive handling. The system, the benchmark for this class of car, separates and independently manages the lateral, longitudinal and vertical forces acting on the suspension for enhanced control and comfort. Many components are forged or hollow-cast in aluminium – the optimum production techniques for strong, lightweight suspension.

### **ADAPTIVE DYNAMICS**

### **ALUMINIUM DOUBLE FRONT WISHBONE SUSPENSION**

Widely considered as the best configuration for a front suspension system, the aluminium double wishbone design is modelled closely on F-TYPE's for precise handling and steering response.

### **ADAPTIVE DYNAMICS**

The optional Adaptive Dynamics system delivers both precise dynamics and a supple, luxurious ride by monitoring wheel position and body movements. The Active Dampers adjust the suspension to provide the optimum balance between comfort and refinement at all times.

# ADVANCED DRIVING DYNAMICS

MAXIMISING AGILITY

CONTINUOUSLY ADAPTING

## ADAPTIVE DYNAMICS

Whether you're accelerating on the motorway, cornering on country roads or navigating around town, optional Adaptive Dynamics modifies XF's response to match the conditions and your driving style. It analyses acceleration, cornering, throttle and brake pedal activity, as well as kick down activation. Steering and body movement are also analysed up to 500 times a second. Using this information, electronically controlled adaptive dampers then constantly adjust to optimise the suspension settings and maintain XF's poise and comfort.

## ELECTRIC POWER ASSISTED STEERING

XF's next generation Electric Power Assisted Steering (EPAS) offers outstanding feedback, control and immediate power assistance. It is active on demand – saving power for when you really need it, as well as saving fuel. Allowing sophisticated computer management to adapt the levels of steering support, EPAS gives you fine control at speed and comprehensive assistance during slow manoeuvring. It also enables advanced optional safety features such as Lane Keep Assist and Park Assist.

## CONFIGURABLE DYNAMICS

Bringing technology from F-TYPE, the optional Configurable Dynamics\* system allows you to set up XF's dynamics for suspension, throttle mapping, gearbox shift points and steering to suit your performance driving needs. It is activated when Dynamic Mode is selected in JaguarDrive Control. Dynamic Mode enlivens XF's sporting character. It sharpens throttle response, increases steering weighting and performs gearshifts more quickly and at higher engine speeds. Even more visual drama is brought to the cabin with the instrument dials and optional Configurable Mood Lighting taking on a red glow. Dynamic Mode enhances your connection with XF's sports car performance. For XF models equipped with InControl Touch Pro, the Dynamic-i system also displays G-Force and lap time as well as throttle and brake inputs.

\*Configurable Dynamics is not available on Pure.

## DRIVING TECHNOLOGY ALL SURFACE PROGRESS CONTROL

ADDED DRIVER CONFIDENCE

LOW SPEED CRUISE CONTROL

Unique in this class of car, Jaguar's All Surface Progress Control (ASPC) technology is a low speed cruise control that helps XF to cope with low traction situations. ASPC allows the driver to concentrate on steering the vehicle. Once activated, you use the cruise control buttons to set a 'target' speed of between 3.6km/h and 30km/h. The system then works to achieve and maintain that speed while exerting optimum traction control.

ASPC is standard on all engines fitted with automatic transmissions and gives XF drivers added confidence over slippery, loose or icy surfaces, undulating terrain and even while descending a difficult incline. It helps make XF easy to drive in challenging conditions. ASPC also has a pull-away function allowing XF to progress from rest on slippery surfaces and ascending gradients, as well as a hill descent function that controls vehicle speed on steeper inclines.

With any given set of tyres, ASPC can accomplish comparable levels of traction to that achievable by an expert driver. Fitting All Season or Winter tyres to XF can improve capability on slippery surfaces.

GRAVEL

WET GRASS

SNOW/ICE

WET ROAD

**TORQUE VECTORING APPLIES BRAKE PRESSURE  
TO SLOW THE INSIDE FRONT AND INSIDE REAR  
WHEELS INDEPENDENTLY.**

---

## TORQUE VECTORING

### **MAXIMISED CORNERING CAPABILITY**

XF's Torque Vectoring by braking maximises capability through even the tightest corners. Torque Vectoring technology provides controlled independent braking on the individual inside front and rear wheels to add to the turning forces acting on the car. In most conditions more braking pressure is applied to the rear inside wheel as this supports the most increased cornering capability, while the front inside wheel is braked for greater effectiveness and refinement. The result is reduced understeer for sharper turning and more consistent road holding. Torque Vectoring delivers increased sports car-like agility and added driver confidence.

**POWER IS SUSTAINED TO MAINTAIN  
CONSTANT SPEED OF OUTER WHEELS.**

---

**ADDITIONAL ROTATIONAL FORCE  
APPLIED AROUND VEHICLE'S AXIS.**

---

XF

JAGUAR

# STABILITY AND CONTROL

**DYNAMIC STABILITY  
CONTROL**

**ENGINE DRAG  
TORQUE CONTROL**

**TRAILER  
STABILITY ASSIST**

Jaguar's Stability Systems keep XF safely balanced whether you're driving enthusiastically or simply want the assurance of a car that will remain stable in challenging conditions.

**Dynamic Stability Control (DSC)** monitors XF's dynamic behaviour, intervening to maximise vehicle stability and optimising available grip. DSC reduces engine torque and applies braking to the appropriate wheels to correct the car's direction of travel by counteracting understeer or oversteer. XF's DSC system has enhanced understeer control to reduce speed and regain control more effectively.

**Engine Drag Torque Control (EDC)** mitigates the chance of wheel lock-up caused by strong engine braking in slippery conditions. It acts by briefly increasing torque to driven the wheels as appropriate.

**Trailer Stability Assist (TSA)** gives you greater stability when towing. Should TSA detect a dangerous trailer sway situation is developing, it can help you regain control by gradually reducing XF's speed through lowering engine power and applying the brakes individually on each side of the vehicle to control the sway.

**BRAKING APPLIED TO APPROPRIATE  
WHEELS TO COUNTERACT  
UNDERSTEER/OVERSTEER**

VEHICLE SHOWN: XF R-SPORT IN AMMONITE GREY WITH OPTIONAL FEATURES FITTED  
(MARKET DEPENDENT)

# HEAD-UP DISPLAY

## HEAD-UP DISPLAY WITH LASER TECHNOLOGY

The optional Head-Up Display (HUD) with laser technology projects key information onto the windscreen. Remaining clear even in direct sunlight, the crisp, bright image can display vehicle speed, navigation, cruise control notifications and Forward Alert data. This technology helps you minimise time spent looking down at the instrument cluster and can help you maintain continuous awareness of the car's speed.

## ADAPTIVE CRUISE CONTROL WITH QUEUE ASSIST

\*Not available in market.

## INFOTAINMENT INCONTROL TECHNOLOGIES

INCONTROL TOUCH | INCONTROL TOUCH PRO

Choose from two InControl infotainment systems: InControl Touch, available as standard, or upgrade to InControl Touch Pro\*\*.

\*Supports compatible music players.

\*\*As we systematically introduce InControl, specific features, options and its availability remain market dependent.

Third Party programmes or applications may require an end user licence from the supplier.

#### INCONTROL TOUCH

# INCONTROL TOUCH

## ADVANCED INFOTAINMENT AS STANDARD

The InControl Touch multimedia system is XF's hub for connectivity, control and entertainment. The key features are:

**8 inch Touch-screen** at the heart of the centre console. Clear and responsive graphical interface for quick control.

**Easy to use Touch-screen** responds directly to touch and swipe gestures.

**Navigation guidance\*** makes planning journeys and following routes easy, thanks to turn-by-turn voice guidance, junction view and 3D maps. 'Dead-reckoning' functionality can accurately position the vehicle even when GPS signals can no longer be received – perfect for city centres or driving through tunnels.

**Bluetooth phone connectivity** allows you to link and control your smartphone via InControl Touch either for phone calls or music playback: simple, easy and wire-free.

**Access a world of music** thanks to FM radio as well as USB\*\* and AUX connections.

**Integrated text-to-voice\*** technology reduces distraction by reading out incoming text messages. You can easily respond with short, prepared messages.

**Precise climate control** is available via the Touch-screen. Adjust temperature levels, direction and intensity of airflow and operate heated or cooled seats (if fitted).

10.2 INCH TOUCH-SCREEN SHOWN AT ACTUAL SIZE

<b>Audio</b>	Standard: Meridian Digital Sound System (380W) Optional: Meridian Digital Surround Sound System (825W)
<b>Navigation Guidance</b>	InControl Touch Pro SSD Enhanced Navigation
<b>Display</b>	12.3 inch instrument panel display with virtual dials and full screen 3D Map View
<b>Multimedia</b>	FM Radio, Bluetooth® and 2 x USB** connections, Digital TV**, 10GB of usable memory and CD/DVD Drive

\*Optional features.

\*\*Supports compatible music players.

\*Market Dependent.

Please consult your local Jaguar retailer for further details. Certain features require the fitment of a SIM with a suitable data contract. As we systematically introduce InControl, specific features, options and its availability remain market dependent.

12.3 inch Virtual Instrument Display with four graphical themes

# INCONTROL TOUCH PRO

## UPGRADE TO NEXT GENERATION INFOTAINMENT

InControl Touch Pro's next-generation hardware and software advances XF's connectivity and entertainment to the very highest level. InControl Touch Pro's features replace or enhance those found in InControl Touch. The key aspects of InControl Touch Pro are:

**Larger, highly-responsive, 10.2 inch Touch-screen** at the heart of the centre console with customisable home screen and lightning fast response times. Its interactive side panel makes multi-tasking easy.

**Pinpoint touch control** allows you to manipulate and interact with information swiftly and seamlessly. The Touch-screen responds in the same manner as a smartphone or tablet computer, providing multi-touch gestures such as pinch to zoom and swipe.

**12.3 inch Instrument Panel Display with Virtual Dials** and full screen 3D Map View makes driving even more of a pleasure. It is housed in the instrument display directly in front of the driver. Select full screen 3D Map View or choose one of four graphical themes to suit your personal preference.

**Enhanced Navigation\*** with response times that are a fraction of conventional systems'. One of the many innovative features of InControl Touch Pro's Navigation is that it allows you to set a destination and the system alerts you if you have insufficient fuel for the journey. It then displays filling stations on the part of the route where you may be low on fuel. The system automatically displays parking options.

**Personal media storage** of 10GB of usable memory for your music and movies. 'Plug and play' using the two USB ports allowing for fast transfer speeds.

## AUDIO

**JAGUAR  
SOUND SYSTEM**

**MERIDIAN  
SOUND SYSTEMS**

XF's superb sound systems bring your music to life. The Jaguar Sound System provides acoustic range through eight speakers. Offering an enhanced listening experience are the optional Meridian Sound Systems. Designed in conjunction with the British audio experts Meridian, these systems use innovative audio technology and precise speaker placement to give perfectly optimised sound quality.

Choose from a range of sound systems, including the new digital 380W Sound System with 11 speakers or the digital 825W Surround Sound System with 17 speakers. All ensure that, wherever you or your passengers sit in your XF, everyone will enjoy a rich, enveloping audio experience.

VEHICLE SHOWN: XF PRESTIGE IN RHODIUM SILVER WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

## SAFETY AND EFFICIENCY ADVANCED DRIVER ASSISTANCE

### 1 BLIND SPOT MONITOR AND REVERSE TRAFFIC DETECTION\*

Blind Spot Monitor alerts you to vehicles or obstacles beside XF, as well as ones approaching from a distance behind, via an icon displayed in the appropriate exterior mirror. Reverse Traffic Detection extends the Blind Spot Monitor function and alerts you via the Touch-screen of moving vehicles during reversing – for example, when leaving a parking bay with restricted vision.

### 2 PARK ASSIST\*

Park Assist makes parking in tight spaces easier than ever. XF can accurately steer itself during both parallel and bay parking manoeuvres – the driver only has to control the brakes and accelerator. An exit-assist function can help guide XF while leaving a parallel space.

### 3 SURROUND CAMERA SYSTEM\*

Surround Camera System gives you 360° exterior vision on the Touch-screen. This helps with various manoeuvres from parking by a kerb to getting in and out of tight spaces and junctions.

### 4 ADAPTIVE CRUISE CONTROL WITH QUEUE ASSIST\*

Adaptive Cruise Control uses radar technology to automatically adjust your speed to maintain a safe distance from the vehicle ahead. If that vehicle slows, your XF reduces its speed to maintain a safe distance. XF resumes its pre-set speed as soon as the road in front is clear. Should the car in front stop completely, the Queue Assist function brings XF to a smooth halt. Once the traffic moves off, touch the accelerator and XF will follow the car in front again.

\*Optional features, availability is market dependent.

VEHICLE SHOWN: XF PRESTIGE IN RHODIUM SILVER WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

Graphical representation only.

## EFFICIENT TECHNOLOGIES

LOW FRICTION

CLEAN TECHNOLOGIES

Everyone wants to do more with less. That is why XF uses a range of technologies to reduce fuel consumption and CO<sub>2</sub> emissions, all while staying true to Jaguar's dynamic nature.

### STOP/START

All XF's engines are available with Stop/Start\*. It shuts down the engine when you come to a complete halt and restarts the engine immediately when required. XF's new system reduces battery weight by 10kg to help save fuel, especially during urban driving. XF's air conditioning system will continue to operate as normal during engine shut down. The engine is automatically restarted if the cabin is not being cooled efficiently.

\*Market dependent.

\*\*Available on selected 180PS and 240PS trim levels (market dependent).

#### 17" ALLOY WHEELS\*\*

XF is available with a lightweight wheel, with Ultra Low Rolling Resistance tyres to maximise efficiency without loss of Jaguar's legendary comfort.

#### ADVANCED AERODYNAMICS

XF can offer an incredibly low drag coefficient of Cd 0.29, matching the best of its rivals. This helps XF cut through the air with ease, meaning less work for the engine and therefore reduced fuel consumption and emissions.

#### LOW FRICTION TECHNOLOGIES\*\*

Technologies such as smart coatings on XF's pistons and needle roller bearings in the Ingenium range help to reduce friction, particularly at low engine temperatures. This helps the car perform at its efficient best.

## PERSONALISATION XF - YOUR CHOICE

# 6 CHOOSE YOUR JAGUAR ACCESSORIES

To find out more about the full range of retailer fit Jaguar Accessories, please refer to your retailer or go to <http://accessories.jaguar.com/me/en/>

## **Roof Mounted Cycle Carrier\*** **C2A1539**

An easy to fit, roof mounted, lockable cycle carrier which carries one bike per holder. A maximum of three holders can be fitted.

\*Requires roof cross bars T2H14468.

VEHICLE SHOWN: XF PRESTIGE IN RHODIUM SILVER WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

**Aluminium Paddle Shifters**  
**T2R6547**  
**T2R6547CAY Red**

Replacement steering wheel gearshift paddles offered in a premium aluminium material providing a high quality finish to a key contact point in the vehicle. Manufactured from billet machined aluminium, the paddles are hand brushed for a premium finish and anodised to ensure they will not deteriorate with wear.

**Premium Carpet Mats**  
**T2H7171PVJ - LHD**  
**T2H7173 - LHD AWD**

Luxurious, tailored 2,050g/m<sup>2</sup> pile front carpet mats with embossed Jaguar logo and nubuck edge binding. The premium mats provide a well appointed finishing touch to the interior.

**Central Armrest Chiller/Warmer**  
**T2H7739**

Food and drinks chiller and warmer that acts as a rear centre armrest. With a leather-covered top, it is held in place by the centre seat belt and powered from the rear auxiliary socket. Ideal for long journeys with the family.

**iPad Holder**  
**T2H7757**

Jaguar branded iPad® holder mounts to front seat headrests providing a flexible solution for rear seat entertainment. Quick release design ensures iPad® can be fitted or removed quickly and easily.

\*\*Not available for Pure.

**Personalised Illuminated Sill Tread Plates\*\***  
**T2H17122PVJ**

Elegantly styled stainless steel sill tread plate finishers for driver or passenger doors. Illuminates when either the driver or passenger doors are opened. Highlighted by soft Phosphor Blue lighting. Allows customer to specify a monochrome 'motif' in a choice of approved typefaces/scripts.

**Rear Splash Guards**  
**T2H12954**

Jaguar branded, rear splash guards complement the lines of your vehicle and provide protection from dirt and stone chippings.

# 6 CHOOSE YOUR JAGUAR ACCESSORIES

 Configure your vehicle at [jaguar-me.com](https://jaguar-me.com)

**Gloss Black Side Vent\***  
T4N5176 – Left Side  
T4N5178 – Right Side

Jaguar branded, Gloss Black side power vents provide a dynamic exterior styling enhancement. Left and Right side options available.

**Carbon Fibre Side Vent**  
T2H18318 – Left Side  
T2H18319 – Right Side

High grade Carbon Fibre side power vents provide a performance-inspired styling upgrade. Left and right side options available.

**Lower Vent Finisher – Gloss Black**  
T2H14010 – For Pure, Prestige, Portfolio and S  
T2H14518 – For R-Sport only

Gloss Black lower vent finishers accentuate the exterior styling cues of the XF and can be fitted with other Gloss Black exterior trim accessories.

**Gloss Black Mirror Cap**  
C2D6067PEC – Left Side  
C2D6066PEC – Right Side

Gloss Black mirror covers accentuate the dynamic design of the exterior mirrors. Left and right side options available.

**Carbon Fibre Mirror Cap**  
C2P24176 – Right Side  
C2P24177 – Left Side

High grade Carbon Fibre mirror covers provide a performance-inspired styling upgrade. Left and right side options available.

**Rear Tailgate Trim – Gloss Black**  
T2H6925

Add style and visual distinction with Gloss Black finish rear tailgate trim.

\*Not applicable for R-Sport. \*\*Requires roof cross bars T2H14468.

**Roof Cross Bars**  
**T2H14468**

Jaguar branded cross bars required for fitting all roof carrying equipment. Engineered specifically for your vehicle.

**Watersports Carrier\*\***  
**C2Z21730**

A versatile system for transporting a variety of water sports equipment including surfboard, kayak or sailboard. Tilts to facilitate loading/unloading.

**Roof Sport Box\*\***  
**C2C41627**

Spacious 320 litre capacity lockable roof box designed for sports equipment, measuring 206 x 84 x 34cm.

**Premium Loadspace Carpet Mat**  
**T2H7174PVJ - Space Saver NLI Variant**  
**T2H7175PVJ - Space Saver NGI Variant**  
**T2H7176PVJ - Non Space Saver Variant**

Luxurious soft luggage mat in Jet Black with the Jaguar logo. Deep premium 2,050g/m<sup>2</sup> pile with nubuck edging and Dove contrast stitch. For vehicles equipped with In-Control Touch Pro and fitted with space saver spare wheel OR for vehicles fitted with tyre repair kit.

**Rear Spoiler**  
**T2H6236LML**

Give the XF an even more sporting look with this body coloured spoiler exterior styling upgrade. For Pure, Prestige and Portfolio Rear luggage compartment lid spoiler in primed condition for retailer painting. Spoiler is standard for R-Sport and 'S'.

**Tow Bar Mounted Cycle Carrier**  
**C2Z22695 - 2 Bike**  
**C2Z22697 - 3 Bike**

Premium tow ball mounted cycle carriers provide a convenient bike carrying solution with quick release loading attachments and secure locking mechanism. Clever design allows carrier to be tilted away from vehicle when fitted allowing access into the rear tailgate.

## JAGUAR EXPERIENCE

There's no better way to get to know Jaguar than by taking a drive. The Jaguar Experience offers a range of unique opportunities to really find out what it feels like to get the most out of a Jaguar. Our track experiences allow you to push yourself and cars from the incredible Jaguar range to the limit. Jaguar Experience also offers the opportunity to see a Jaguar brought to life during a tour of one of our UK manufacturing facilities.

Find out more by visiting [jaguar-me.com](http://jaguar-me.com)

## BEHIND THE SCENES

Our factory tours give you the unique opportunity to experience the whole process of how our cars are brought to life – from the moulding of sheet metal to those intricate final touches. At our state-of-the-art production facilities, you'll get to see how skilled technicians and sophisticated machines work seamlessly together to perfect some of Jaguar's most breathtaking cars – from the powerful F-TYPE to the groundbreaking F-PACE performance SUV.

Find out more at [jaguar-me.com](http://jaguar-me.com)

## DRIVING EXPERIENCES

The opportunity to drive the latest Jaguar cars at their limits, or relive iconic Jaguar history, is rare. Jaguar Driving Experiences offer unique driving adventures you will never forget. Imagine yourself behind the wheel of our highest performing Jaguar models, on a private track, with a Jaguar Experience Instructor at your side. This is the Jaguar Performance Driving Academy.

Find out more at [jaguar-me.com](http://jaguar-me.com)

## ICONIC EXPERIENCES

Take your driving to the next level with our international adventures facing extreme road, and off-road, conditions. Our Iconic Experiences offer journeys and challenges that will test and develop your performance driving skills. Every year, Jaguar customers and enthusiasts join us for our luxury Ice Driving Experience. The exclusive ski resort in Gstaad, Switzerland, is the perfect location to enjoy the thrill of performance driving on ice. Our Ice Driving Experience is a two-day getaway held each winter. You can get a flavour of the event below. Then, if you'd like to be part of it in the next experience, we can keep you posted.

Find out more at [jaguar-me.com](http://jaguar-me.com)

# THE WORLD OF JAGUAR

Choose an XF and you're joining the exciting World of Jaguar. It makes owning and driving carefree and easy, as well as providing a range of exclusive services and lifestyle products.

## SERVICING

XF has been designed to keep servicing costs to a minimum – for example, the new Ingenium diesel\* engines can achieve an incredible 34,000km or 2 years\* between services due to intelligent design and advanced oil technology.

## GENUINE PARTS

Jaguar Genuine Parts are designed, tested and manufactured to our uncompromising standards for quality, fit and durability. Each part is engineered specifically for your XF to contribute to optimum performance and to help maximise its lifespan.

## FLEET & BUSINESS

Jaguar is dedicated to being the premium manufacturer of choice for fleets and businesses by providing a highly attractive car range and exemplary customer service. Jaguars are dynamic and distinctive cars that help companies express the unique character and personality of their business. We are committed to providing totally customer-focused aftersales services, which keeps every Jaguar car on the move and in top condition, ensuring that they perform to the highest standard and in the most cost-efficient way for businesses. Visit [jaguar-me.com](http://jaguar-me.com)

#### JAGUAR FINANCIAL SERVICES

Effortless performance and style come as standard with every Jaguar. Jaguar Financial Services makes buying one just as simple and rewarding. New or used, for personal or business use, we have an option that puts you in complete control. Please speak to your local Jaguar retailer to find out more.

#### JAGUAR ASSISTANCE

Jaguar Assistance provides assistance in motoring emergencies, from immobilisation due to breakdown or accident to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, wherever you happen to be.

#### LOW INSURANCE

XF's key components are easily accessible for time-efficient service and repair and to minimise scheduled maintenance and repair costs. With a focus on lower repair costs, XF delivers competitive insurance group ratings\*\*. To find out more about the compelling business case for XF, please contact your local Jaguar retailer.

#### JAGUAR MAGAZINE

Jaguar Magazine is the official magazine of Jaguar Cars. It features the new Jaguar F-PACE, F-TYPE, XJ, XE and XF, and the worlds of luxury, style, design and travel.

#### JAGUAR COLLECTION

The latest range from the Jaguar Collection has been crafted with the same design execution and attention to detail that goes into all of our cars. This is evident in our clothing range, premium leather items and luxury travel goods. To celebrate Jaguar's heritage we also have a collection that honours past achievements and features race inspired gift items and apparel. To find out more, visit the online shop at [www.jaguar.com/shop](http://www.jaguar.com/shop)

\*Market and driving style dependent.

\*\*Manufacturer's estimate.

# GLOSSARY

## A

### ADAPTIVE FULL LED HEADLIGHTS

Adaptive Headlights automatically adjust to follow steering inputs, casting light where needed. They will angle the beam when indicating, as well as working in conjunction with Automatic High Beam Assist to prevent your lights from dazzling oncoming traffic.

### ADAPTIVE SPEED LIMITER

The Adaptive Speed Limiter, when selected, will assist in limiting vehicle speed to the speed limits as recognised by the Traffic Sign Recognition system.

### ADVANCED PARK ASSIST

Advanced Park Assist offers all the functions of Park Assist (see pg. 52) plus 360° Park Distance Control with virtual object tracking. This gives confidence in confined situations, at speeds up to 16km/h.

### AUX CONNECTION

Auxiliary (AUX) connections allow for the convenient input of audio signals from personal devices.

## C

### Cd

The Cd value is the drag coefficient of the car. It gives an indication of the vehicle's aerodynamic qualities. The lower the value, the more aerodynamically efficient the vehicle's design.

### CONFIGURABLE INTERIOR MOOD LIGHTING

Configurable Interior Mood Lighting highlights a number of your Jaguar's key functional and styling features and allows adjustment of the ambient light. Choose from a range of 10 colours.

### CONNECTIVITY PACKAGE

A connectivity package is a bundle of applications and technologies that enhances your connection with your Jaguar and with the world by giving internet connectivity, optimised in-car applications and remote access to your car.

## D

### DAMPERS/DAMPING

Dampers absorb forces acting on the suspension for greater ride comfort and control. Dampers are also known as shock absorbers.

### DEAD RECKONING

Dead Reckoning uses sensors to measure vehicle direction, wheel rotation and inclination. These measurements are calibrated up to 40 times per second to ensure accurate placement of the vehicle even when no GPS signal is available.

### DRAG COEFFICIENT

The drag coefficient measures how aerodynamic a car is. See definition of Cd.

## E

### ECO MODE

Eco Mode encourages fuel efficient driving by reducing throttle sensitivity, selecting more economical engine mapping and, on manual vehicles, advising of gearshifts. It also reduces fuel consumption by reducing the energy demands placed on the engine by climate control and audio systems.

## F

### FORWARD ALERT

Should a potential collision be detected Forward Alert gives an audible warning and a visual warning in the instrument cluster.

### FOUR-ZONE CLIMATE CONTROL

Automatic four-zone climate control that can be optimised for individual occupants.

## G

### GPS

The Global Positioning System (GPS) uses satellites to determine the car's position. By cross-referencing this with road maps stored in its memory, the navigation system provides route guidance and tracks the car's location.

## I

### INGENIUM ENGINES

Ingenium engines are manufactured in the UK at Jaguar Land Rover's state-of-the-art Engine Manufacturing Centre in the West Midlands. The aluminium engines feature lightweight construction, with stiff cylinder blocks and decoupled injectors, which ensure low levels of vibration and noise intrusion, further enhancing the driver experience. A series of advanced technologies reduce internal friction, improve refinement and enhance overall performance. In addition, Selective Catalytic Reduction and a new low-pressure exhaust gas recirculation system significantly reduce both CO<sub>2</sub> and NOx emissions on diesel engines.

### INTERIOR MOOD LIGHTING

Interior mood lighting highlights many of the cabin's key features and design details in a relaxing soft Phosphor Blue glow.

### INTELLIGENT STOP/START

Stop/Start is a technology that stops the engine when it is not needed, improving the fuel economy and reducing the car's CO<sub>2</sub> emissions. The engine will restart as soon as the driver's foot comes off the brake pedal. The engine will be operating at full capacity before the driver's foot has touched the accelerator pedal.

## J

### JAGUAR SIGNATURE 'J' BLADE DAYTIME RUNNING LIGHTS

'J' blade Daytime Running Lights are separate LED running lights, in a distinctive 'J' shape, built into the headlights. They emphasise Jaguar's striking on road style.

### JAGUARDRIVE CONTROL

Interacts with the Dynamic Stability Control system, engine and transmission management systems to alter the characteristics of the engine mapping, gearshifts and brakes. It offers different modes designed to optimise the vehicle's response to particular driving conditions and styles.

### JAGUARDRIVE SELECTOR

The JaguarDrive Selector rises from the centre console on start up. It is a rotary shifter used with automatic transmissions that allows you to quickly shift between drive modes.

## L

### LED HEADLIGHTS WITH LED 'J' BLADE DAYTIME RUNNING LIGHTS

Multiple powerful LED emitters give a clearer light in low light conditions. Further complemented with LED J-Blade Daytime Running Lights incorporating LED Direction Indicators. These lights also integrate Jaguar's Adaptive Lighting and Auto High Beam Assist systems.

## M

### MHL CONNECTION

A Mobile High-Definition Link (MHL) enables connection between a personal device and the InControl infotainment system. It is designed for seamless transfer of audio-visual data.

### 10.2 INCH MULTI-TOUCH DISPLAY

The Multi-touch functionality of InControl Touch Pro's 10.2 inch Display allows the screen to recognise multiple points of contact. This provides direct control of the system's features in a more natural, intuitive way, enabling gestures such as pinch and zoom.

## R

### RAIN ICE SNOW MODE

By selecting Rain Ice Snow Mode, the system automatically dampens acceleration and applies more gradual torque for improved traction in slippery conditions.

## S

### SATELLITE VIEW

Satellite View allows you to view satellite imagery as an optional view mode for the navigation system.

### SD CARD

A Secure Digital (SD) Card is a flash memory card used for storing large amounts of data in a compact form.

### SOLID STATE DRIVE

Solid State Drives are storage devices with no moving parts designed for rapid retrieval of large quantities of data.

## V

### 12.3 INCH VIRTUAL INSTRUMENT DISPLAY

The 12.3 inch Virtual Instrument Display is a TFT (Thin Film Transistor) screen that replaces the traditional instrument cluster. It displays a wide range of key driving information. Four graphical themes and a 3D map view are available.

## W

### WINTER MODE

By selecting Winter Mode, the system automatically dampens acceleration and applies more gradual torque for improved traction in slippery conditions.

## X

### XENON HEADLIGHTS

Bi-function Xenon headlights offer improved illumination and feature LED 'J' blade Daytime Running Lights for a striking on road style.

## IMPORTANT NOTICE

Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. While every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Vehicles shown in this brochure are from the Jaguar Global range. Specifications, options and availability will vary between markets and should be verified with your local Jaguar Retailer. Distributors and retailers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation. Comparisons are based on manufacturer's own data and testing prior to publication.

## ENVIRONMENTAL INNOVATION AT JAGUAR

XF, XE, XJ, F-PACE and F-TYPE's innovative use of lightweight aluminium, which incorporates up to 50% closed-loop recycled material from the manufacturing process of the body structures, provides considerable performance benefits. This includes improved fuel consumption and less CO<sub>2</sub> emissions during the use phase of the Life Cycle due to lighter structures. Our on-going target is to ensure scrap aluminium reclaimed from our stamping process is to be segregated and recycled through a closed loop system and incorporated back into the same grade quality aluminium sheet, therefore reducing CO<sub>2</sub> emissions, versus the use of virgin aluminium sheets, during the production phase of the Life Cycle.

Jaguar is committed to reducing dependency on fossil fuels, using fewer natural resources and creating less waste as part of our approach to responsible and sustainable business development, called Environmental Innovation. The company plan includes ongoing reduction in CO<sub>2</sub> emissions & the use of natural resources and at the end of 2014 we have achieved a 28% reduction in operating CO<sub>2</sub> emissions, 25% in the Company's European fleet average tailpipe emissions, 75% in waste to landfill, logistics efficiencies (18%) and water consumption (10%), all based on per vehicle built since 2007. In addition the manufacturing assembly CO<sub>2</sub> emissions of each Jaguar built in the UK since 2009, is 100% offset as part of our 2020 strategy for carbon neutral manufacturing assembly and since 2013 carbon-for-development projects form a key part of the company's Global Corporate Social Responsibility (CSR) programme.

For each tonne of CO<sub>2</sub> emitted in the assembly process, the company invests in emissions reductions projects that reduce an equivalent tonne of CO<sub>2</sub> elsewhere and provide social and humanitarian benefits at the same time. Since 2013 the programme has offset 800,000 tonnes of CO<sub>2</sub> and improved the lives of over 2 million people from our award winning Lifestraw carbon-for-water emissions reduction programme. Taking into account the company's global sales growth and increased investment in more efficient operating facilities, we are proud to have delivered and in some cases exceeded our Environmental Innovation targets as planned between 2012-2015. But it doesn't stop there. Our manufacturing facilities have been certified to ISO14001 since 1998 and in 2013 the Company was recognised as the UK's Responsible Business of the Year by leading CR index, Business in the Community. In 2014 we built on this success through the Queens award for Enterprise in Sustainable Development for 2014. Looking forward, we have developed our 2020 vision for sustainable business growth that focuses on continued improvements in operating & tailpipe CO<sub>2</sub> emissions, carbon neutral manufacturing and zero waste. The company will also improve the lives of 12 million people by 2020 as part of the global Corporate Social Responsibility programme.
